

**Digital Resources Librarian
The School of the Art Institute of Chicago
John M. Flaxman Library**

THE ART INSTITUTE OF CHICAGO is seeking a candidate who will play a key role in the integration of digital resources with traditional library collections and services. Works with colleagues to develop short- and long-term strategies for the design and implementation of library digital resources. Creates digital content, facilitates access to digital products, and coordinates the management of library systems in a distributed environment.

A SUCCESSFUL CANDIDATE WILL HAVE an ALA-accredited MLS plus at least 2 years of relevant experience, or a comparable combination of education and experience. High degree of familiarity with library systems, including commonly used hardware, software and networking systems as well as third-party, web-based information services. Experience with digital asset management and the application of metadata standards. Demonstrated understanding of digital library issues and practices, including sustainability. Experience with web authoring tools and languages. Familiarity with appropriate standards and practices, e.g. HTML, SGML, XML, EAD, MARC, ACR2, image formats, etc. Excellent interpersonal skills, including the ability to support cooperation and creativity in the workplace.

TO APPLY: Send resume and cover letter to The Art Institute of Chicago, 111 S. Michigan, Employment Services MC/948, Chicago, IL 60603. E-mail: aic.jobs@artic.edu, fax: 312-857-0141. Please include the code **MC/948** on the outside of the envelope and in correspondence. <http://www.artic.edu/aic/jobs/index.html>

The Art Institute of Chicago is an equal opportunity, equal access employer fully committed to achieving a diverse workforce.
